Anything In Your Eye?

Many people who come to us for examination imagine there is some foreign substance in their eyes. It is hard to convince them, sometimes, that these gritty, sandy, scratching, irritating conditions are symptoms and effects due to refractory errors which usually can be corrected by the wearing of properly fitted glasses. Let us take the "grit" out of your eyes.

Notice to Telephone Users!

By Act of Congress of the United States, bearing date of July 16, 1918, the President was authorized to assume possession, supervision, operation and control of all Telegraph and Telephone Companies in the United States, and such possession, supervision, operation and control was assumed by the President, effective at midnight, July 31, 1918, to be exercised through the department of the Postmaster General. The Act of Congress referred to provided no appropriation to take care of any deficits which might occur in the operation of the properties and the continued high cost of materials, as well as the necessity of wage adjustments with employees, have made such deficits imminent. In order to forestall, if possible, the calamity which would be occasioned by the necessity of closing any of the telephone exchanges, the Postmaster General has ordered that, effective May 1, 1919, the following schedule of rates be placed in effect by this company:

SOLDIER-EDITOR A CANDIDATE.

One of the interesting figures in Republican State politics this year—which apparently is the year of young men—is Stanley O. Wood, of Mt. Sterling, editor of the Mt. Sterling Gazette, who was recently discharged from the army where he served nearly a year as an enlisted man. Mr. Wood is a candidate for the Republican nomination for Railroad Commissioner from the Third District, which includes Bourbon county. He is of the third generation in a family which has for sixty years been prominent in Kentucky Republican circles. His grandfather, Major A. T. Wood, voted for Abraham Lincoln, served in the Union Army and was his party's candidate for Governor, Senator and Congress on different occasions. His father, John C. Wood, served two terms as Railroad Commissioner some twenty years ago, besides serving on several State campaign committees. The father established and conducted a Republican newspaper for twenty-five years in a section overwhelmingly Democratic. The present candidate for Commissioner has taken a prominent part in Republican campaigns since before he was of age, meanwhile editing the newspaper heritage of his father.

CALOMEL ROBBED OF NAUSEA AND SALIVATION

Medicinal Virtues Retained and Improved—Unpleasant and Dangerous Qualities Removed—New Variety, Called Calotabs, Is Great Favorite With Physicians and Druggists.

The latest triumph of modern pharmacy is the new nausealess calomel known to the drug trade as "Calotabs." Calomel, the most generally useful of all medicines thus enters upon a wider field of popularity—purified and refined from those objectionable qualities which have heretofore limited its use.

In biliousness, constipation, headache, and indigestion, and in a great variety of liver, stomach and kidney troubles calomel was the only successful remedy, but its use was often neglected on account of its sickening qualities. Now it is the easiest and most pleasant of all medicines to take. One Calotab on the tongue at bedtime, with a swallow of water, that's all. No salts, no griping, no nausea, no danger of salivation. A good night's sleep and the next morning you are feeling fine, with a clean liver and a big appetite. Eat what you please.

Calotabs are sold only in original, sealed packages, price thirty-five cents. Your druggist offers to refund the price as a guarantee that you will be thoroughly delighted with Calotabs. (adv)

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts through the blood on the mucous surfaces of the system. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fail to cure. Send for circulars and testimonials.
